It is, therefore, important that you **READ YOUR POLICY CAREFULLY.**

(2) Cancer Insurance Coverage is designed to supplement a Covered Person's existing accident and sickness coverage only when certain losses occur as a result of the disease of Cancer. Coverage is not provided for basic hospital, basic medical-surgical, or major medical expenses.

If an initial prescription of Hormonal Therapy, Chemotherapy, Immunotherapy, or Experimental Chemotherapy medication instructs a Covered Person to take the medication orally for a period of thirty days or less as part of a treatment regimen for Cancer, then the payment under the applicable Nonsurgical Treatment Benefit is limited to the Calendar Month in which the medication was prescribed, received, and the Covered Person incurred a charge.

If a prescription of Hormonal Therapy, Chemotherapy, Immunotherapy, or Experimental Chemotherapy medication which instructs a Covered Person to take the medication orally for a period of thirty days or less as part of a treatment regimen for Cancer is refilled during a Calendar Month in which the stated amount under the applicable Nonsurgical Treatment Benefit has previously been paid, then we will pay the stated amount under the applicable Nonsurgical Treatment Benefit in advance for one additional Calendar Month for which it has not previously been paid without requiring proof a Covered Person incurred a charge for the medication during that additional Calendar Month. Otherwise, if the prescription is refilled during a Calendar Month in which the stated amount under the applicable Nonsurgical Treatment Benefit has not been previously paid, then the benefit is limited to the Calendar Month in which the medication was prescribed, received, and the Covered Person incurred a charge.

If an initial prescription of Hormonal Therapy, Chemotherapy, Immunotherapy, or Experimental Chemotherapy medication instructs a Covered Person to take the medication orally for a period of more than thirty days but less than 61 days as part of a treatment regimen for Cancer, then we will pay the stated amount under the applicable Nonsurgical Treatment Benefit in advance for one additional, consecutive Calendar Month without requiring proof a Covered Person incurred a charge for the medication during the additional, consecutive Calendar Month.

Otherwise, if the prescription is refilled during a Calendar Month in which the payment under the applicable Nonsurgical Treatment Benefit has not been previously paid, then, so long as the Covered Person incurred a charge during the first Calendar Month of the prescription, for refills instructing a Covered Person to take the medication orally for a period of more than thirty days but less than 61 days as part of a treatment regimen for Cancer, we will pay the stated amount under the applicable Nonsurgical Treatment Benefit in advance for one additional, consecutive Calendar Month without requiring proof a Covered Person incurred a charge for the medication during the additional, consecutive Calendar Month, and for refills instructing a Covered Person to take the medication orally for a period of more than sixty days but less than 91 days, we will pay the stated amount under the applicable Nonsurgical Treatment Benefit in advance for two additional, consecutive Calendar Months without requiring proof a Covered Person incurred a charge for the medication during the additional, consecutive Calendar Months.

If a Covered Person received the stated amount under the applicable Radiation Therapy, Chemotherapy, Immunotherapy, Or Experimental Chemotherapy Benefit at the reduced 50% amount and, later in the same Calendar Month, receives Radiation Therapy, Chemotherapy, Immunotherapy, or Experimental Chemotherapy where a charge is incurred, we will pay the difference between the 50% previously received and the Radiation Therapy, Chemotherapy, Immunotherapy, or Experimental Therapy Benefit.

Aflac will periodically check all policyholders against the list published by OFAC. If a policyholder is listed as a Specially Designated National or Blocked Person, the policy will be suspended and reported to OFAC.

Aflac will not pay benefits for any loss that is diagnosed or treated outside the territorial limits of the United States or its possessions.

Aflac may void the policy and will not pay benefits whenever: (1) material facts or circumstances have been concealed or misrepresented in making a claim under the policy; or (2) fraud is committed or attempted in connection with any matter relating to the policy with the intent to deceive. If you have received benefits that were not contractually due under the policy, then Aflac reserves the right to offset any benefits payable under the policy up to the amount of benefits you received that were not contractually due.

(6) Exceptions, Reductions, and Limitations of the Policy (policy is not a daily hospital expense plan):

Except as specifically provided in the Benefits section of the policy, Aflac will pay only for treatment of Cancer, including direct extension, metastatic spread, or recurrence. Benefits are not provided for premalignant conditions or conditions with malignant potential (unless specifically covered); or any other disease, sickness, or incapacity.

The policy contains a 30-day waiting period.
